

## Online Caregiver Training

We make it easy for our caregivers to earn money while increasing knowledge and skills! With online coursework, you can participate in training on your schedule from a PC or mobile device with Internet access. Or you may schedule a time to come to our office to work on training anytime during business hours, (M-F 9a to 5p)

Courses are interactive, engaging, and up to date with the latest content - from nutrition to communication, personal care and much more - to help you provide the best care

Complete a bundle of courses (examples below) and earn \$50. You must complete the short quizzes in the training courses and score 80% or above to receive compensation. You'll have access to one training bundle per pay period, putting up to \$100 in your pocket each month!

You may be required to take a particular course before starting with a new client. For instance, if the client has Parkinson's or Alzheimer's you would need to take the appropriate class.

Two training bundles are to be completed within the first 30 days of your first work assignment.

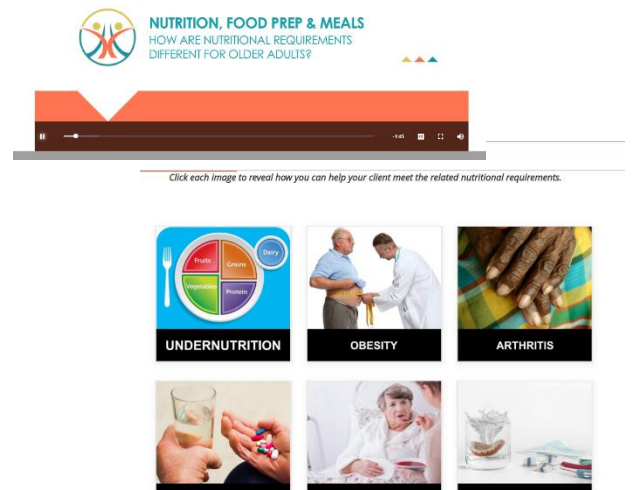

### Training Bundle 1

- What Does it Mean to be a Professional Caregiver
- Clients' Rights, HIPAA & Elder Abuse Prevention
- Safety Precautions & Falls Prevention: Part 1
- Observation, Reporting & Documentation: Part 1
- Assisting with Personal Care Through ADLs

### Training Bundle 2

- Assisting with Independent Living Through IADLs
- Maintaining a Clean & Healthy Environment
- Emergency Procedures
- Safety Precautions & Falls Prevention: Part 2
- Observation, Reporting & Documentation: Part 2

**NUTRITION, FOOD PREP & MEALS**  
HOW ARE NUTRITIONAL REQUIREMENTS DIFFERENT FOR OLDER ADULTS?

Click each image to reveal how you can help your client meet the related nutritional requirements.

 <b>UNDERNUTRITION</b>	 <b>OBESITY</b>	 <b>ARTHRITIS</b>
		

To comply with the Oklahoma State Department of Health regulations, employees must complete the two initial training bundles shown above within 30 days of employment. After completing the two Initial Training Bundles, your training will be reviewed by an RN.
